

Genealogical table – The Abildtrup family

Please note the fields marked with a ¹ might seem a bit strange. These fields are to be used if you know of a deceased family member, e.g. a great-grandmother, on who you have the necessary information.

That kind of information can be very helpful in order to compile a more complete genealogical table. If you have any questions/problems filling out the form, please email e-maile Karen Abildtrup – kabs@adr.dk
